20160616103807733.pdf

Kristen,

This is what I sent to Mr. Leaf. He asked if we had any water level information and I told him that we had some from REI. He then asked me to send it to him.

Andy,

Thank you for talking to me this morning about the Haskell Lake project.

Attached are two tables from a recent report written by REI (the PECFA contractor) with water level information from the monitoring wells. I hope this is helpful.

I look forward to observing the work scheduled for next month.

Regards,
Bob
